

Tuttle Care Center residents catch Olympic fever

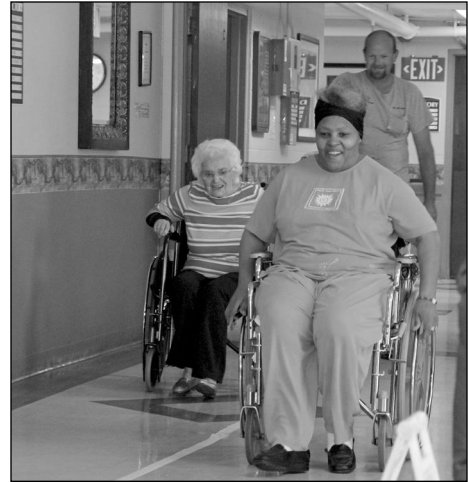

Senior citizens compete for gold in 12 Olympic-themed events

Residents at Tuttle Care Center got into the Olympic spirit last week with a series of athletic competitions. The week began with a special opening ceremony and competition wrapped up Thursday afternoon. On Friday, residents were treated to a medal ceremony and closing ceremony.

Competitions included variations of Olympic favorites such as hurdles, javelin throw, disc throw, archery, 100-meter sprint, basketball, bowling, pole vault, high dive, speed skating, volleyball and water polo.

Speed skating involved a short wheel chair race, water polo required residents to transport water with a spoon from one dish to another, and volleyball was played with a balloon.

Meason Baker led the way with four gold medals in archery, basketball, speed skating and volleyball. Erma Burleson won in javelin throw, bowling and volleyball. Howard Morgan earned gold in the disc throw and high dive. Other winners included; Judy Brown (hurdles), Patti King (100m sprint) and JC (pole vault).
